Quench 150

Upgrade your office coffee brewer with the Quench 150! This thermal coffee brewer holds up to 60 oz. of hot, fresh coffee in its stainless steel carafe for up to 6 hours. Using pulse brewing cycle technology, the Quench 150 only brews when the water has reached optimum brewing temperature, enhancing the flavor in every ounce. The Quench 150 is also equipped with a hot water spigot, perfect for tea, hot chocolate, and oatmeal. When not actively brewing, the Quench 150 switches into energy-saving mode to reduce energy consumption.

Compact Thermal Coffee Brewer

- Advanced digital system with pulse brewing technology
